Case No: 01C2

U.S. COURT OF APPEALS FOR VETERANS CLAIMS
OCT 11 2016
RECEIVED

Chief Judge Bruce E. Kasold,
U.S. Court of Veterans Claims
C/O Clerk Executive Officer - Gregory O. Block
625 Indiana Ave. NW, Ste 900
Washington, DC 20004-2950

Re: VA-Claims Denied, Emergency Habeas Corpus Dismissed, And Motion To Stay Denied by Deputy Vice Chairman David C. Spriggler dated 29 September 2016, BVA.

Dear Chief Judge Bruce E. Kasold,

My letter today comes in support of my Emergency-Petition-For-Injunction And Habeas Corpus because "I feel Veterans' lives DO Matter" And A Good Cause To Stay my Appeal before The Board.

Our U.S. Veterans' are being Killed under Oklahoma Dept. of Corrections in double numbers - 3 of my best friend lost their lives because of Gross Neglect by O.D.O.C. Doctors and Medical Staff And Continues to Pray Daily my life is NOT NEXT because these some ODOC Doctors are in fact seriously daily causing my untimely Death, by Gross Violations of my Eighth Amendments U.S. Constitution Rights And every since The BVA Judge Kalpana N. Parakkal Remanded my case may 12, 2014 gave me HOPE, She in Fact Did and do believe A (my) Life of Veterans Matters.

And from that Order I have tried urgently-emergently expedite my immediate Release from Corrupt O.D.O.C custody because my life is being threatened daily and 25 Calendars years of A Illegal and Fraudulent State of Oklahoma Conviction I discharged 2 years ago - I am Fighting The Good Soldier's fight for my family and Specially my freedom.

I trusted The VA-RO in Muskogee, OK and The Staff there under J. Sykes betrayed and discriminated against me because I was in fact Incarcerated AND sat on my Newly Discovered uncontrovertable Evidence that should have gotten my release back in 2009 - Please see letter w/ my Drill Sergent Uniform dated: 25 December 2009 in my 3 October 2016 Emergency Petition. My VA Attorney's in Norman, OK Mary M. Long was in fact a OSBI Agent for 12 years and said She'd Take my Criminal case and get me out simply because She Knew how easily Oklahoma Courts uses Dirty Cops and ADA'S get AWAY daily in opened court w/ Police and Prosecutor's Misconduct as in my case never should have ever went to court.

My Corrupt U.S. Army Chain of Commond conspired with the Lawton, OK Police Dept. Officers at my home on the 31 may 1991 and decided to intentionally calculate and elaborate scheme to Re-set the alleged crime scene to show NO Struggle took place, and moved the gun with Bare hands twice to ensure my illegal Conviction. Please see my Affidavit attached w/ this letter dated 9-22-14 to BVA after The Remond Order trying to get my Release from O.D.O.C and State of Oklahoma.

On Monday 3rd October 2016, I was pushed in my wheel-chair To the JHCC Law Library and looked your Office and the Commander In Chief Armed Forces for help to my family and I. My only two Children I have Not seen since 1994, now have 8 grand-Children I've never seen and they all want me to come to New York VA Hospital 30 miles away from them where by I can at least be close by them when I die.

Oil/medical and Lindsay Hospital Doctors diagnosed me w/ Sarcoidosis 2005-7 and told me in 2007 it will Be the cause of my death and it was terminal. The Killer Disease Killed The Comedian Bernie Mac and Pro football Player Reggie White in 2010 I believe and then in 2011 Killed my Brother Dwight - 6-months later the Deadly Disease Killed my Brother Michael and I don't Know Why I am still alive - Only God Knows and What He has Planed for me Does Not Exclude being Illegally locked-up in a State Prison for Crime I did NOT Commit!

It is my prayer after reading in the Law Library about our Highest VA-Court in the U.S. above U.S. Courts The Lord Compelled me to write the Emergency-Injunction-And Habeas Corpus and I pray everyday you go over my Petition God almighty direct your Heart and Spirit to Do The Right Thing for this Veteran and His Family, Backed By our Commander In Chief Armed Forces, President Barack Obama - THIS SO Prayed...

Charles C. Brewington, The Veteran

Sincerely Requested And Thank You.

Affidavit IN Support

The Veteran Charles Brewington due hereby state and to be sworn that this statement in support of His motion To Stay and or Injunction pending my Appeal dated 8-28-14, is to be true and correct to this Veteran's best ability. This Veteran truly would have in fact filled His V.A. Claims for compensations back in 1991, June 13th the separation date, and or on the 10th April 1996 being His Discharge Date, but was not afforded a copy of His DD214. That it had taken 18 years into His false and fraudulent State of OKLAHOMA Conviction case # CRF 91-220, to obtain my DD214. It was obtained through the OKC, OK V.A. Rep Pam Starks from St. Louis, MO Records on 18th June 2008, and it contained the new evidence this Veteran knew and felt all these 18 new plus years of being held illegally day to day - being barred alive with NO hope or prayer for relief from my state of Oklahoma miscarriage of Justice and in Direct Violations of the Laws and Treaties of The United States Constitution. This Veteran Charles Brewington would NOT have discovered all this evidence that came along with His DD214, that shows and proves beyond any doubt this Veteran's Chain of Command and Lawton, OK Police Dept. on the 31st may 1991 did in fact set out under a military Cover-up and Conspiracy with the Lawton, OK Police Officers to defraud this Veteran out of His freedom, by re-setting the alleged crime-scene the master Bedroom to look as if NO struggle took Place and then take pictures to show Jurors at Trial, but this was just only the begining. This Veteran's ex-wife was put up to come over to the Veterans home on both days the 29th and 31st May by the ex-wife's boy-friend to start trouble and havoc where-by both had made threats on this Veteran's life. The Veterans ex-wife's boyfriend was also a Ft. Sill, OK Soldier and was having an ongoing affair with this veteran's wife. The Veterans ex-wife's boyfriend was also a Senior NCO, and was also married with His own wife on Ft. Sill, OK in Government Housing. This Veteran told His Chain of Command, and the ex-wife's Soldier boyfriend's Chain of Command also about the affair and the threats upon His life by both of them, my ex-wife's boy-friend was reckless and used drugs with this Veterans ex-wife, and after the first time my ex-wife came to pick our children up for visitation in early may 1991, she was in and under some sort of influence my girls and my self saw and the Veteran told His ex-wife then to get some help with the drugs and alcohol and offered to go with Her but She said NO, then told Her to leave, and she did. This Veteran went to see His Attorney and He said under NO circumstances give Her the Children and we was going to get a Court-order or some type help for Her to go to before allowing the children to be taken by Her, this was about the First week of may, our daughter was already in Her Body-Cast from an Bicycle accident in march, She was in a full-body cast from the Neck to Her feet. In my unit our clerk Orderly a Sergent E-5 and white soldier was also having the same type of crisis of an affair His wife was having with another of our Senior NCO in the same unit. He knew about my situation because my ex-wife's visits to my unit to make trouble with my Chain of Command, She aligned my Chain of Command against me - being the wife of a Career soldier, she knew just what to say and tell to only make trouble and havoc for me with them, and even though there was a Restraining Order not to harass one another at work, home, but She did it anyway. One day our unit Clerk brought his girls to work after the the E-7 Senior NCO that was having the affair with His wife, He was subdued and

Charles Brewington

SS 245 84 4795

given time off. The white E-7 Senior NCO was in fact given a PCS out of the unit and off the base to a New Duty-Station. My Chain of Command discriminated and deserted my family crisis, and intentionally conspired with dirty cops, and the H. DA. at my Jury-Trial. My Chain of Command had their own dirty corrupt, and illegal activities going on in the unit, and my crisis did not matter to them. They abandon and betrayed me to my very much needed assistant's by them. My Chain of Command could have helped me with my Request to be moved off Ft. Sill, OK and out of the Lawton, OK area to defuse my crisis by approving my DA form 4187, requesting a PCS to another Duty-Station out of harms way - by the LTC Kelly denied my request to save my family and my life. Yes, It has taken this Veteran over 23 calendars in State prison for a murder I did not commit. Yes, I did fire the weapon only after I was shot twice by my ex-wife's attack upon me in my own home. The Dirty Cops with LTC Kelly on the night of 3rd may 1991 decided to concoct an elaborate and calculated scheme to falsely and fraudulently under a military and state cover-up and conspiracy to convict this Veteran in case no. CRF 91-230 in Comanche County, city of Lawton, OK of 1st Degree murder. Thank God for my filling my VA. Claims for VA. Benefits, Because If, I would have just gone up and NOT file with NO DD214 to perfect my claims, this Veteran would still be in an Illegal and false and fraudulently state conviction could still stand.

1. This Veteran never had a chance like this to be able to show the B.V.A. "S Judge K. Parakkal and all parties that could help grant the Soldiers Veteran Appeal, and Motion To Stay and or Injunction Pending His Appeal to Request His Release to a VA. Hospital under Federal authority to give this veteran immediate all coming surgery needed to eyes. It is So Prayed.

2. Please grant this Veterans' Request for an Immediate writ of Habeas - Corpus or Restraining Order to U.S. Marshals to the D.O.C. Director Patton, and the warden Mike Addison at Joseph Harp Corrections Center in Lexington, OK to remove the Veteran Charles Brewington #202452 J-unit 250A to the VA. Hospital in Oklahoma City, OK or To the VA. Hospital in Canandaigua, N.Y. at 400 Fort Hill Avenue where I have been accepted & have my case manager Cindy Thayer and her Ph #is 585-393-8081, since I am only 30 miles away from my only two children and now 7 grand-children too.

IT IS SO PRAYED

Charles Brewington
Sincerely Requested The Veteran
