UNITED STATES COURT OF APPEALS FOR VETERANS CLAIMS

NO. 15-1306

JOE E. MORGAN,

APPELLANT,

v.

ROBERT A. McDONALD,
SECRETARY OF VETERANS AFFAIRS,

APPELLEE.

Before GREENBERG, *Judge*.

ORDER

*Note: Pursuant to U.S. Vet. App. R. 30(a),
this action may not be cited as precedent.*

The appellant, Joe E. Morgan, has appealed a February 18, 2015, Board of Veterans' Appeals (Board) decision that (1) denied entitlement to benefits based on service connection for post-traumatic stress disorder (PTSD); and (2) declined to exercise jurisdiction over claim for a compensable rating for a service-connected corneal scar of the left eye. R. at 2-16.

The Court determines that a document which is necessary to the disposition of this appeal are missing from the Record of Proceedings (ROP), specifically, the Joint Motion for Partial Remand (JMPR) entered into by appellant's former counsel and the Secretary on July 14, 2014, which disposed of an earlier appeal by the appellant to this Court under Docket Number 13-1341. The Court cannot properly decide the merits of the appellant's claims without reviewing this JMPR.

ORDERED that the Secretary shall, within 2 days of this order, provide the Court with the JMPR entered into by the parties on July 14, 2014, under Docket Number 13-1341, or provide an explanation as to why this document is not available.

DATED: August 3, 2016

WILLIAM S. GREENBERG
Judge
