Respondent.	)	

PETITIONER'S UNOPPOSED MOTION FOR VOLUNTARY DISMISSAL OF THE PETITIONER'S WRIT OF MANDAMUS

Pursuant to U.S. Vet. App. R. 42, Appellant, by and through his counsel, respectfully moves the Court to dismiss his Writ of Mandamus currently before the Court.

1. Both the Petitioner and his appointed representative have agreed that voluntary dismissal of this appeal is the appropriate action in this case. Specifically, in the Petitioner's Writ of Mandamus submitted to the Court on March 10, 2020, the Petitioner requested that the Jackson, Mississippi Regional Office, or any other Agency of Original Jurisdiction under the National Work Queue, to complete the implementation of the Board's grant of service connection for peripheral neuropathy of the bilateral lower extremities, as well as a skin disorder and issue a VA Rating Decision to the Petitioner and his

representative.

2. Petitioner received a VA Rating Decision for the above issues, as requested, on May 7, 2020; dated April 28, 2020. Therefore, the relief sought by the Petitioner has been provided, and the issue that was the subject of the Writ has now become moot.

Pursuant to U.S. Vet. App. R. 42, Appellant respectfully requests that the Court dismiss the Petitioner's Writ associated with Docket Number: 20-1933.

Respondent Robert L. Wilkie, Secretary of Veterans Affairs, through his counsel, Mr. Nathan Kirschner, has been consulted and does not oppose this dismissal of the Petitioner's Writ.

WHEREFORE, Appellant respectfully moves the Court to dismiss his appeal associated with Docket Number 20-1933.

Respectfully submitted.

FOR APPELLANT;

/s/Colin E. Kemmerly
