

COURT OF VETERANS CLAIMS

Case # 19-2795

Request by Mr. Luke Miller to withdraw from supporting my claim to the Federal Circuit and or the CAVC further.

My justifications are as follows.

I am a 100% P&T disabled Veterans with numerous Disabilities and 3 prior Heart Operations. I am now also under the Care Giver program because of my Limitations.

On 2 June Mr. Miller advised me of the decision of the Court so I read it. I spotted errors and missing evidence. He advised me he would read it and advise me. He failed to tell me we had 60 days to file and when 10 days past I heard nothing so I filed a motion for reconsideration to protect my claim. I was unaware I could not do this and read we only have 21 days.

I respectfully request this Honorable Court deny his request as I do not have the Legal Knowledge to proceed to the Federal Circuit without his support. I do feel the CAVC overlooked the fact that now they have created 2 groups of Veterans. 1 who are entitled to full VA care, and 1 group severely limited which I strongly feel was not the intent of Congress.

Respectfully yours

Peter Van Dermark

Mr. Miller failed to send me a copy to be able to rebut his statements.
