RESPONDENT'S SECOND RESPONSE TO THE COURT'S MAY 4, 2022 ORDER

On March 1, 2022, Petitioner filed a Petition for a Writ of Mandamus asking the Court to compel VA to adjudicate his claim of entitlement to disability compensation for ischemic heart disease and award the maximum rating and the earliest effective date permitted by law, including but not limited to a claim for aid and attendance. (Petition at 1, 16). The Secretary filed a response to the Petition on April 6, 2022.

On May 4, 2022, the Court ordered the Secretary, not later than 30 days later, to file an additional response providing certain information. The Secretary filed the additional response on May 27, 2022.

The Court's May 4, 2022 Order also ordered the Secretary to continue to provide updated status reports, every 30 days, advising the Court of the status of Petitioner's ischemic heart disease claim. An updated status report is provided herein.

As noted in the Secretary's May 27, 2022 response to the Court's order, Petitioner's claim for service connection for ischemic heart disease was reviewed and denied by the Agency of Original Jurisdiction (AOJ) in a May 13, 2022, Supplemental Statement of the Case (SSOC). (Sec. May 27, 2022 Response, Exhibit 5). Since that time, on June 14, 2022, Petitioner's claim was returned to the Board of Veterans' Appeals (Board) for readjudication. (Exhibit 1). On June 15, 2022, the Board issued a letter confirming receipt of the appeal and indicating that it had resumed its place on the docket. (Exhibit 2).

Based on the foregoing, the Secretary again submits that, inasmuch as Petitioner has been afforded the relief sought, *i.e.*, adjudication of his claim for service connection for ischemic heart disease, his Petition is now moot. See *Thomas v. Brown*, 9 Vet.App. 269, 270–71 (1996) (per curiam order) (when the relief sought by a petition for extraordinary relief has been afforded, the petition is moot); *Bond v. Derwinski*, 2 Vet.App. 376, 377 (1992) (per curiam) (“When there is no case or controversy, or when a once live case or controversy becomes moot, the Court lacks jurisdiction.”); see also *Wolfe v. McDonough*, 28 F.4th 1348, 1358 (Fed. Cir. 2022) (“a mandamus order could only compel action on the appeal” rather than “dictate a particular outcome.”). The Court should dismiss the Petition as moot because Petitioner has been afforded the relief requested.

WHEREFORE, Respondent, Denis McDonough, Secretary of Veterans Affairs, respectfully provides an updated status report as required by the Court's May 4, 2022, Order.

Respectfully submitted,
